# ***Elsner Model V-5-30***

## ***AUTOMATIC REWINDER***

**The Elsner Model V-5-30 Automatic Rewinder is a high performance, high-production rewinding machine used to produce retail size coreless rolls as well as traditional rolls on cores. This machine has replaced the Elsner Model V-4-30 Rewinder after years of being a “workhorse” to the industry.**

**The machine can handle practically any kind of web from 12 pound (30 gsm) tissue up to 60 pound (90 gsm) kraft including, but not limited to, laminated foil, polyesters, giftwrap, plastic, cellophane, wax paper, shelving paper, adhesive shelf covering, freezer paper, and many others. Certain selected products such as medium weight giftwrap, kraft paper, and self-adhesive decorative covering with integral release sheet can be converted into pure coreless rolls.**

**ALSO AVAILABLE IN 36", 42" AND 48" WIDTHS**

**ELSNER™**
