support technician, was recognized for 20 years of service. Jon Bowers, service technician, was recognized for 15 years of service and Michael Chase, engineering manager was recognized for 10 years of service to the Corporation. Those with 25 years of service were awarded an engraved gold watch as a token of their long time service to the Corporation.

Elsner Engineering Works, Inc. designs and manufactures web converting and packaging machinery for rewinding and folding consumer goods such as Gift Wrap, wallpaper, aluminum foil, household wipes and medical disposables. Founded in 1934 and currently under 3rd generation leadership, they celebrated their 75th year of continuous operation in 2009.

Besides their headquarters in Hanover, Pennsylvania, USA and their European representative sales office in Lemgo, Germany, they offer field support from sites in Germany and China, as well. They currently service and support over 2400 Elsner converting and packaging machines in nearly 60 countries around the world.
